Toek Menghout and students

ABOUT OUR CHEF

A native Siem Reap, Executive Chef Toek Menghout developed a deep interest for cooking in his early twenties, when he was waiting tables in a local hotel.

He was transferred to the kitchen team at his petition, and rapidly developed his culinary skills. Soon, the self-taught foodie was invited to join the kitchen team at the prestigious Topaz Restaurant in Phnom Penh.

With the guidance of Chef Pov Sopheak and Master Chef Alain Darc, Menghout perfected his technique and gourmet flair.

Back to his hometown, he leads the kitchen at Templantation since 2016. He is especially creative with freshwater fish and seafood, offering his splendid rendition of Khmer classics such as Battambang Fish Fondue or Bok M'orm, baked fish with sweet chili sauce.
